NOTICE OF FILING AND HEARING AND PREFILE TESTIMONY DEADLINES

DOCKET NO. 2019-209-E

South Carolina Energy Freedom Act (House Bill 3659) Proceeding Related to Dominion Energy South Carolina, Incorporated and S.C. Code Ann. Section 58-41-30 Related to Electrical Utilities and Their Current Voluntary Renewable Energy Program, and Such Other Proceedings Required by the Commission

On September 13, 2019, Dominion Energy South Carolina, Inc. ("DESC") filed with the Public Service Commission of South Carolina (the "Commission") a rate rider ("Rider") embodying its Voluntary Renewable Energy ("VRE") program. The Rider was filed pursuant to S.C. Code Ann. § 58-41-30. This Rider is only available to a non-residential customer (Customer) with a new or existing contract demand greater than or equal to one megawatt (1 MW) at a single metered location or aggregated across multiple metered locations under direct ownership of a single customer and served by DESC. This Rider is available on a first come, first serve basis until the total capacity committed under renewable generation supply agreements (RG-Supply Agreements) entered into under this Rider shall equal 135 MW.

The Company shall include on each monthly bill to the Customer an avoided cost credit (RG Credit) equal to the day-ahead rate for energy on the Company's system applied on an hourly basis to the energy provided to the Company's system under the RG-Supply Agreement by the Supplier, net of transmission and distribution losses calculated at system average rates. If the energy provided under the RG-Supply Agreement for the month is greater than the Customer's kWh usage for that month, the amount of credit will be reduced accordingly.

If the Application or Petition in this case contains a request for adjustment of rates, the rates are subject to potential modification by the Commission during the course of this case.
